

January 2014

"Leadership and learning are indispensable to each other."

John F. Kennedy

"If your actions inspire others to dream more, learn more, do more and become more, you are a leader."

John Quincy Adams

"Leadership is communicating to people their worth and potential so clearly that they come to see it in themselves."

Stephen Covey

Defining Leadership

Leadership is a process by which a person influences others to accomplish objectives - Leadership directs an organisation in a way that makes it more cohesive and coherent - Leadership is a process whereby an individual influences a group of individuals to achieve common goals.

Overview of Leadership

1. Personal Integrity Deals Honestly and Gains Trust
2. Clear Long Vision; Executes First Things First; Inspires Others to Action
3. Positive Enthusiastic Committed; Has Focus-ability
4. Solution-oriented Creative; Makes Top Management Efficient; Empowers Others
5. A Catalyst; Creates Pygmalion Effect; Fosters Self-motivation
6. Strives for Excellence Always; Is a Transparent Influence
7. Good Communicator; A Great Negotiator; Nurtures Relationships
8. Balances Confidence with Caution; Adapts Management Styles for War & Peace
9. Rejuvenates Self; Sharpens their Axe; Transforms their Strengths into Talents

Leadership Development

A common shortfall within businesses is the inadequacy or absence of effective skilled leadership, resulting in individuals and businesses not realising their full potential. Even the slightest improvements achieved from the development of leadership skills can noticeable influence the overall performance of personnel and the organisation.

If you are interested in developing the effectiveness of leadership within your organisation!

Worth Reading

Title: It's Your Ship

Management Techniques from the Best Damn Ship in the Navy

Author: Michael Abrashoff

The story of Captain D. Michael Abrashoff and his command of USS Benfold have become legendary inside and outside the Navy. Now Abrashoff offers this fascinating tale of top-down change for anyone trying to navigate today's uncertain business seas. When Captain Abrashoff took over as commander of USS Benfold, a ship armed with every cutting-edge system available, it was like a business that had all the latest technology but only some of the productivity. Knowing that responsibility for improving performance rested with him, he realized he had to improve his own leadership skills before he could improve his ship. Within months he created a crew of confident and inspired problem-solvers eager to take the initiative and take responsibility for their actions.
